A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 9/29/06 has been entered.

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Benjamin E. Carlsen on 11/1/06.

The application has been amended as follows:

Claim 1, lines 3-4 "cancel "larger than 0.05% by weight and smaller than 2%" and insert --of 0.05 to 2%"--.

Claim 1 lines 9-10, cancel "larger than 0.02% by weight and smaller than 4%" and insert --0.02 to 4%"--.

Cancel claim 6.

Claim 11, line 2, cancel "1,000,000" and insert --10,000,000--.

The following is an examiner's statement of reasons for allowance:

After further review of the prior art of record and the data presented by applicant, as defined in all the declarations and the additional tables defined in the response of 9/29/06, the examiner now finds the claimed invention to be novel over the said art because said art fails to teach or suggest the claimed specific combination of components in the claimed amounts using HEC and PEO in the claimed molecular weight range. The declarations and the additional tables defined in the response of 9/29/06 show synergistic results or unexpected results for the combination, as claimed, said combination being commensurate in scope with the claims and/or a trend in the unexpected data can be envisioned.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Michael A. Marcheschi whose telephone number is (571) 272-1374. The examiner can normally be reached on M-F (8:00-5:30) First Friday Off.
